

### **Final presentation (40% = 25% + 15%)**

- In groups of two (12 in total)
- Topic selection pre-approved in advance
- Use English for an extra 10%

### **In-class “survey” + attendance (25%)**

### **Course mini-paper (35%)**

- Your hometown/home province is known for what kind of natural resources?
- How to develop a (novel) energy-related material out of that natural resource?
- Must not exceed two pages
- Pay attention to formatting

### **Timeframe:**

- Find a partner, inform me on **Sept. 28<sup>th</sup>**.
- Through group effort, select a paper (preferably recent) which is written in English. **Must be relevant to energy materials!** Have the group lead send me the DOI or URL via email or Wechat, **at or before noon of Oct. 14<sup>th</sup> to avoid a late penalty.**
- The presenting order will be decided through lottery on Oct. 14<sup>th</sup>.

- The actual presentations will be in **Week 9 (Oct. 26<sup>th</sup>, 28<sup>th</sup>)**.
- Each group has a **10-min presentation AND Q&A time**
- Clearly indicate which group number you are, judges and your peers need this info.
- PPTs sent to me **before noon** of the designated date **to avoid late penalty**.

### **Out-of-grouper grading criteria (15%) :**

- You have understood the gist of the presented paper.
- You find the organization of the presentation satisfactory.
- You grade based on a 0-15 scale.

**3 Refs (including me) grade the other 25%.**

### **Course mini-paper**

- Individual effort.
- Use English for an extra 10%
- 2 pages max, reasonable font and size, professional formatting.
- File sent to me through email/Wechat.
- Must be “openable” files.
- 1<sup>st</sup> deadline: **Sept. 30<sup>th</sup>**, outline, my feedback due in a

day or two.

- 2<sup>nd</sup> deadline: **Oct. 14<sup>th</sup>**, first draft, my feedback due on **Oct. 19<sup>th</sup>**.
- 3<sup>rd</sup> deadline: final submission before our last class (**Oct. 28<sup>th</sup>**)
- **Outstanding manuscripts considered for peer-reviewed publication.**
